Professional Experience

- ✓ Having **2.5+** years of Experience in Software Development with Mern Stack Technology.
- ✓ I worked at **Radiuscards Solution Private Limited**, as an Associate Software Developer from 4 th April 2021 to 6 th Nov 2023 and worked at **Cheers Interactive** as a Software Engineer from **20 th Nov 2023(present)** .
- ✓ Software developer experience with background in different area of MERN development, design, development, and Implementation of products.
- ✓ Experienced in developing Full Stack Field using **React Js,JavaScript,CSS,HTML,BOOTSTRAP,React Bootstrap, Material UI,Node Js,Express Js, MongoDB, My Sql, Redux Toolkit,REST API.**
- ✓ Having good knowledge on React Js concept like Manage Component, Routing, Redux and Have Knowledge on Middleware like Thunks and Saga.
- ✓ Understanding & Customizing the Product as per the Client Working Style. Enhanced the feature of the Product time-to-time.
- ✓ Good experience in Template-driven Forms, Reactive Forms, Functional Components with redux. Hands on experience and knowledge in Single Page Application.
- ✓ Familiarity with **GUI MS Visual Studio ,POSTMAN, NODEMON,REDUX DEVELOPER TOOL.**

Technical Skills

Web Technologies	React js, Redux Toolkit ,HTML, CSS, JAVASCRIPT, React Bootstrap, Node JS ,Express Js,Mongoddb, MySql,Sql Server, Telwind Css ,Zustand
Office Suite	MS Office (Word, Excel, and PowerPoint)
Scripting Languages	Javascript
Databases	MongoDB , MySQL , Microsoft SQL Server-2012
GUI Tool	MS Visual Studio code .
Operating System	Windows 7,10
Source Control	GIT, GIT LAB,AWS, Bitbucket

Education

- ✓ Master of Computer Application-**Biju patnaik university of technology (MCA)(8.3 CGPA)**
- ✓ Bachelor Of Science- **fakir mohan university (BSc with Chemistry Hon)(78%)**
- ✓ Intermediate(+2)(**71%**)

Project Details

PROJECT	AnesthesiaOne
TECHNOLOGIES	Html,CSS, javascript ,Bootstrap , React js,React Bootstrap,Redux, Material UI
ROLE	Front Developer
WebsiteLink	https://www.anesthesiaone.com/

OVERVIEW:

The ultimate mission of Anesthesia One is to serve as the one interactive, patient catered resource for all your perioperative anesthesia needs. The Whole suite comprises individual Micro web applications and Hybrid mobile applications. All these applications work in coordination and synchronously to attain business objectives. Consolidates the functions of multiple applications into one, Has the ability to create a patient case where data can be shared among these multiple built-in apps to minimize redundant inputs.

ROLE:

- ✓ Developing the application Frontend and Backend using React, Redux.
- ✓ Responsible for making the application bug free.
- ✓ Understanding requirement and implementing the application according to the requirement.
- ✓ Coding for all pages according to the requirement
- ✓ Bug fixing and enhancement.
- ✓ Coordinating with external teams to solve issues

PROJECT	Justmedicalbook
TECHNOLOGIES	Javascript, React js, Css,Bootstrap,React Bootstrap, Material Ui, Node js,Express Js, MySql, Payment GetWay
ROLE	Full Stack Developer
WebsiteLink	https://justmedicalbooks.com/

OVERVIEW:

We Just Medical Books take an oath – “JUST” to supply / distribute Original Medical Books and student Medical Instruments. We came into existence in 2022 to mark ourselves as a leading Medical Books and student Instruments supplier in India.

ROLE:

- ✓ Develop android app using React Js for internal clients.
- ✓ Designed UI screens from Figma designs.
- ✓ Develop server-side logic using Node.js Optimize backend code for performance and scalability.
- ✓ Implement JWT token for Api authentication.
- ✓ Implement and maintain server-side security measures..
- ✓ Design and implement the MongoDB database schema.
- ✓ Collaborate with backend developers to handle data storage and retrieval efficiently

PROJECT	GPMS
TECHNOLOGIES	Javascript, React js, Css, Bootstrap, React Bootstrap, Material Ui, Node js, Express Js, MySql, Payment GetWay
ROLE	Full Stack Developer

OVERVIEW:

Ensuring surgical success through education and prehabilitation . Patients develop persistent postoperative pain after “common surgical procedures”. As many as 20 to 56% of patients develop chronic pain after surgery. Here to help and educate everyone possible to reduce that number globally.

ROLE:

- ✓ Involved in development of application using React js, web API, SQL and json.
- ✓ Involved in Functionality implementation and creating table and stored procedure.
- ✓ Understanding requirement and implementing the application according to the requirement.
- ✓ Coding for mail service, calendar page, therapy links and subscriber Alerts page.
- ✓ Bug fixing and enhancement.

PROJECT	Mydummyticket
TECHNOLOGIES	React Js , Mongo DB, NODE JS, Javascript , REST API, VS Code, Teams, GitHub (code check pipelines, check code vulnerabilities), Windows.
ROLE	Full Stack Developer

Website Link	https://mydummyticket.com/
--------------	---------------------------------------------------------------------

OVERVIEW:

The main goal of a trip should be to strengthen ties with loved ones, close friends, and the wider world. It ought to broaden our perspectives, soften our hearts, and expand our minds to the fullest. Nonetheless, travelling has grown more tiresome in the busy, fast-paced world of today. The thrills and wonders of exploring new places are sucked away by the mountains of paperwork and documentation required.

ROLE:

- ✓ Created project from scratch.
- ✓ Convert Figma design to responsive react template write business logic.
- ✓ API Integration, payment gateway integration Coding for all pages according to the requirement.
- ✓ Bug fixing and enhancement.
- ✓ Coordinating with external teams to solve issues.

Declaration

I hereby declare that all the statements mention above are true and correct to the best of my knowledge and belief.
